# HERITAGE

When the seven Jacuzzi brothers immigrated to America, they had no idea that a pump they designed for orchards would revolutionise hydrotherapy in the home. While the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness founded an industry.

CELEBRATING  
**60**  
YEARS  
OF HYDROTHERAPY

The Jacuzzi family departs Italy for the United States and transforms the aviation and agriculture industries.

When Ken Jacuzzi, age 2, is diagnosed with rheumatoid arthritis, his father invents a portable hydrotherapy pump to provide pain-relieving hydrotherapy.

Jacuzzi soon became a household name thanks in part to repeated appearances on the national daytime television show, Queen for a Day, which boasted 20 million viewers. The Jacuzzi® Brand became an overnight sensation.

Through the years, the Jacuzzi® Brand has been awarded more than 700 patents, laying our foundation for unmatched hydrotherapy and leading to breakthroughs in jet engineering, design, and technology.

With a foundation in health and wellness and a dedication to research and innovation, Jacuzzi continues to develop products that improve the lives of both high-performance athletes and everyday people while leading the industry as the most recognized brand in the world.

# PERFORMANCE

Jacuzzi® premium products support the needs of high endurance athletes and teams who are committed to maintaining and improving their quality of life, both during and beyond their active careers through the power of hydrotherapy. Whether you're a professional athlete or a weekend warrior, Jacuzzi® products increase your ability to train, recover, relax and perform, harnessing water's natural ability to heal the mind, body and soul.

The Jacuzzi® Brand proudly partners with endurance athletes and professional teams around the world.

As one of the best breaststroke swimmers to ever grace the pool, his legacy is still being written: repeat top spots on the podium on the global competitive stage and a knack for breaking world records for fun, his attitudes towards training, performance and recovery is second to none. After stepping in to keep his training for Tokyo on track with the donation of a swim spa at the time of 2020's lockdown, bringing Adam on board as a proud ambassador seemed the natural next step.
